SUMMARY

Results-driven Frontend Developer with strong proficiency in React, JavaScript, TypeScript, and Tailwind CSS, with hands-on experience building responsive web applications and modern UIs. Founder of Kayan Web Agency, combining freelance and entrepreneurial work to deliver high-quality digital products. Passionate about building user-friendly applications with performance and design in mind.

SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React.js, Tailwind CSS, Framer Motion

Tools & Platforms: Git, GitHub, Firebase, Vite, Figma

Other: Responsive Web Design, UI/UX Principles, State Management (Context API), API Integration

Soft Skills: Communication, Team Collaboration, Problem-Solving, Time Management

PROJECTS

MC NUTRITION – Supplement Store (<https://mcnutrition.vercel.app>)

Built a modern supplement e-commerce site using React, Tailwind CSS, and Framer Motion. Implemented animated UI, product filtering, and dynamic routing with a clean, responsive layout.

Bawab Cell – Mobile Store (<https://bawabcell.vercel.app>)

Developed a complete e-commerce platform for a phone shop using React and Tailwind CSS. Integrated shopping cart functionality, responsive design, and smooth UI transitions.

Kayan Web Agency (<https://kayan-agency.vercel.app>)

Designed and launched the agency website using React and Tailwind CSS with animated components. The agency offers freelance services and educates aspiring web developers through mentorship and training.
